Accreditations & Recognition

British Accreditation Council has been responsible for setting standards within the independent, further and higher education sector in the UK and overseas for over 25 years.

The GTC Group is proud to be a PMI® approved Registered Education Provider (R.E.P) Global Provider Enrolment Level. As a PMI® R.E.P. we are pre-approved to offer professional development units (PDUs) for existing PMI® qualifications; helping delegates acquire or maintain their PMP® certification with ease.

The GTC Group has been recognised as a leading, global provider of CPD accreditation. Accredited CPD training means the learning activity has reached the required continuing professional development standards and benchmarks. The learning value has been scrutinised to ensure integrity and quality. The CPD certification service provides recognised independent CPD accreditation compatible with global CPD requirements.

The CIPR advances professionalism in public relations by making its members accountable to their employers and the public through a code of conduct and searchable public register. Therefore, setting standards through training, qualifications, awards and the production of best practice and skills guidance, facilitating Continuing Professional Development (CPD), and awarding Chartered Public Relations Practitioner status (Chart.PR).

CMI offers practical, proven solutions for individual managers, employers and education providers alike. Our mandate is to create better led and managed organisations - that's why over 100,000 managers and 450 employers use our services to improve their performance.

Awards

The GTC Group was awarded the dual accreditation in recognition of its multi-dimensional approach to ensuring high-quality service and delivery. The Provider of Training Excellence accreditation recognises professional training providers that offer high-quality training provision. It is an award recognised by the Professional Development Consortium, a research organisation that is also home to the CPD Standards Office.

GTC is very proud to be member of the BSI (show certificate) and we work with and adhere to all of their Standards. Just like the BSI, our global strength is built on the experience, skills and sheer enthusiasm of our staff and instructors. Especially we understand how to make excellence a habit.

GTC Consulting

GTC Consulting has been collaborating with organisations to achieve sustainable, transformational change for more than 10 years. Our experience – in Africa, Asia, Europe and the Middle East – is unrivalled. We offer a unique combination of expertise, intellectual rigour and local understanding to help you find the solution that will work for you in the following service areas:

- **Project Management Support and Consultancy**
- **Government Advisory and Management Advisory Services**
- **Business Introductory Service**

GTC Consulting

Services

Project Management Support and Consultancy

GTC Consulting has the expertise to take a project from initial concept through detailed planning to the implementation and final evaluation. Our input can also cover associated tasks such as feasibility studies, risk analysis and optimisation of financial, procurement, reporting and administrative systems.

Government Advisory and Management Advisory Services

These are many and varied, but include making the business case for PPP projects and improving their legal and institutional frameworks at a federal, state and local government level. Our comprehensive support service for governments include policy advisory and development support, looking at the mechanisms for improving the delivery of government programmes, due diligence questions and communications strategies.

Business Introduction Service

GTC Consulting has specialist experience of Africa and the developing Asian and Middle Eastern markets, and boasts an enviable record of helping to achieve transformational change in those regions. Our wealth of experience means that we are able to offer a tailored suite of recommendations for western organisations seeking to gain entry into many African markets at local or national level.

Case Studies

Project Management Support and Consultancy

Our client had spent eight years and approximately $60 million dollars in executing the micro, small and medium enterprises project in Nigeria. The project was World Bank funded and three pilot states were strategically selected as beneficiary states. The project had come to an end and an audit was required to measure the impact of the project.

GTC Consulting won the bid to carry out an operational audit on the project in 2011.

Methodology:

The four components of the project were also audited, specifically the access to finance for MSMEs and the business development service. The economy, efficiency and effectiveness of the project management unit and the executing agency were evaluated and scrutinised by our team of practitioners. The audit exercises were made up of a team of auditors who worked directly with the client and the project management unit on their premises, gathering records, evidence and information.

Location: Abuja, Nigeria
Field researches across all 37 states.

Results:

The operational audit was successful. GTC was able to make valuable recommendations confirming the impact of the MSME project and validating the extension of the project into phase 2.

Government Advisory and Management Advisory Services

The government of the Maldives wanted to develop the Prisons Parole Act to be administrated in the Maldives. They faced challenges in sourcing experts in the field with appropriate experience to draft the Prisons Parole Act, taking into account the existing legislation in the Maldives.

Methodology:

Literature review, investigations and interviews. A team of six experts from GTC – two lawyers and four constitutional review experts – were delighted to draft the Prisons Parole Act for the Maldives government. GTC then emerged as the successful bidder in a highly competitive process.

Location: Maldives

Results:

GTC developed the draft for the Prisons Parole Act for the Maldives government within a six-week period, which was eventually signed into law by the Maldives government.

The GTC Consulting Cycle

Our approach to every assignment carefully considers your requirements, as stated in the terms of reference, and these translate into a series of steps aimed at achieving the objectives of the assignment. The successful execution of any project requires persons with the requisite experience and capabilities and the adoption of strong project management techniques.

We will deploy using our global service delivery approach, which contains six phases, as shown in the diagram opposite. We believe our approach provides a framework for the application of a consistent process for all engagements. It provides a structured approach to managing different phases of all projects, including design, delivery, implementation and sustainability.

Methodology

GTC has a proven methodology to help you generate sustainable development from your resources – human, technical and intellectual.

1 Solving problems requires valid information

Information might be explicit – stored and recorded; and it might be tacit – carried around inside people's heads. We'll work with you to unlock the information that holds the key to a project's success

2 Good decisions demand free and open choice

Making decisions is easy. Making decisions that somebody else will support is not so easy. We'll help you design and advocate the solution that will work best for you and your organisation.

3 Effective implementation requires commitment

People commit to whatever they believe will benefit them. Instruct people, and they may comply – for a while. But, to achieve sustainable transformation, you'll need to engage their heads and hearts. We'll help you inspire lasting commitment in the people who will make change happen.

Our Key Assets

GTC Consulting provides professionalism, in-depth knowledge and attention to detail – key attributes that have highlighted the GTC brand and underpinned our values for over a decade. We don't import solutions. We discover them, together. We'll listen to you. We'll design and deliver projects with you. We'll walk the extra mile with you, recognising the challenges that you face, cutting through the red tape and celebrating your achievements with you.

What's our philosophy?

Simple: We believe that collaboration is the key to success.

We work to our strengths.
Four assets have helped us grow over the past decade. They can help you too.

Local Knowledge

We always start by asking the people who know.

We work where we understand the local situation: your culture, your values and the challenges you face

Expertise

There's nothing as useful as knowledge wisely applied.

Our consultants have intellectual and practical knowledge validated by extensive research and commercial experience

Innovation

Sometimes you have to look where you least expect to find it.

Nobody has a monopoly on wisdom or creativity. In a modern world, solutions are no longer the preserve of a single community or industry. We're always on the lookout for the truly innovative solution: it might be anywhere

Global Experience

In a networked world, we combine international and local experience.

We work globally, continuously refining our knowledge as we can work with senior public and private executives in a wide range of market environments.
