

Principles of Leadership Excellence

COURSE OVERVIEW

This course explores the nature of excellence in leadership. The focus is on learning from a series of emerging models that focus increasingly on the need for engaging, ethical leaders who can enhance both the well-being and performance of their employees. Excellence in leadership often leads to more success in achieving organizational goals. The course also allows delegates to experiment with innovative ways to empower and enthuse their team and influence their organizational climate and culture positively.

WHO SHOULD ATTEND?

This course is suitable for team leaders, supervisors, executives, and senior managers seeking to reflect on and further develop their own leadership style.

COURSE OUTCOMES

Delegates will gain knowledge and skills to:

- Deal with team conflicts effectively, and use them to improve team performance
- Envision the strategic position of your organization
- Proactively initiate strategic innovation and change
- Build and lead successful teams
- Understand organisational culture and how it affects leadership effectiveness
- Foster employee commitment
- Develop personal profiling: know your own leadership strengths and areas to develop
- Use the power of role modelling and “Managing by Walking Around” techniques

KEY COURSE HIGHLIGHTS

At the end of the course, you will understand:

- Giving and taking feedbacks
- Team dynamics
- Managing team performance
- Leadership strategies
- Trust and influence

All our courses are dual-certificate courses. At the end of the training, the delegates will receive two certificates.

1. A GTC end-of-course certificate
2. Continuing Professional Development (CPD) Certificate of completion with earned credits awarded
