

Transformational Leadership and Institutional Analysis – The Ultimate Leadership Bootcamp

COURSE OVERVIEW

This course is based on using practical experience to create visionary learning organizations and facilitate major transformational processes in organizations. It distinguishes between the skills of management and leadership, focusing on fundamental transformation from the inside out. Gone are the old days and ways, when people were promoted to leadership roles without understanding the real impact they could make on productivity and morale within their organizations. In today's very busy and complex world there is a real requirement for individuals to manage and lead differently. Leadership today is not just about the role – it's about being authentic and also realistic.
