

## Certified Business Analysis Professional (CBAP)

### COURSE OVERVIEW

The Certificate of Cloud Auditing Knowledge (CCAK) is the first credential that industry professionals can obtain to demonstrate their expertise in understanding the essential principles of auditing cloud computing systems.

The CCAK credential training program was developed by the Cloud Security Alliance, the global leader in cloud security best practices, in partnership with ISACA, an international professional association focused on IT audit, security, cybersecurity, risk, privacy and governance.

### WHO SHOULD ATTEND?

The course is designed for business analysts, systems analysts, project managers, business process analysts, and professionals involved in business requirements gathering and analysis. It is also suitable for IT professionals, product managers, consultants, and individuals preparing for the CCBA certification exam. This course is ideal for those seeking to enhance their business analysis skills, improve their ability to define and manage requirements, and advance their careers in business analysis.

### COURSE OUTCOMES

Delegates will gain the skills and knowledge to:

- Take a well-planned, risk-based approach to cloud evaluation and audit management.
- Learn about the new developments in PPP.
- Tackle unique cloud challenges including technology stacks, DevOps, CI/CD, and continuous compliance.
- Address the challenges of transparency, complexity, interdependencies, and scalability.

### KEY COURSE HIGHLIGHTS

At the end of the course, you will understand;

- Core business analysis concepts.
- How to study BABOK® Guide techniques and practices.
- Requirement analysis and planning.
- Gaining skills in strategy and solution evaluation.
- How to practice eliciting and documenting requirements.
- Improving monitoring and stakeholder engagement.
- How to prepare for the CCBA certification exam.

All our courses are dual-certificate courses. At the end of the training, the delegates will receive two certificates.

1. A GTC end-of-course certificate
2. Continuing Professional Development (CPD) Certificate of completion with earned credits awarded
