

ISO 14001 Lead Implementer – Environmental Management System (EMS)

COURSE OVERVIEW

The ISO 14001 Lead Implementer training course equips participants with the knowledge and skills to establish, implement, manage, and maintain an Environmental Management System (EMS) in line with ISO 14001 standards. It offers a comprehensive understanding of EMS best practices to help organizations minimize environmental impact, improve sustainability, and enhance operational efficiency. Upon completion, participants can take the certification exam and apply for the “PECB Certified ISO 14001 Lead Implementer” credential, demonstrating their ability to effectively implement and manage ISO 14001 within any organization.

WHO SHOULD ATTEND?

This course is ideal for managers or consultants involved in environmental management, expert advisors aiming to master EMS implementation, individuals responsible for ensuring conformance with EMS requirements, and members of environmental management system teams.

COURSE OUTCOMES

Delegates will gain the skills and knowledge to:

- Acknowledge the correlation between ISO 14001, ISO 14040 and other standards and regulatory frameworks
- Master the concepts, approaches, methods and techniques used for the implementation and effective management of an EMS
- Learn how to interpret the ISO 14001 requirements in the specific context of an organization
- Learn how to support an organization to effectively plan, implement, manage, monitor and maintain an EMS
- Acquire the expertise to advise an organization in implementing Environmental Management System best practices

KEY COURSE HIGHLIGHTS

At the end of the course, you will understand;

- ISO 14001 standard and key environmental principles
- Setting up and managing an Environmental Management System (EMS)
- EMS best practices to cut impact and boost efficiency
- Skills to handle risks, meet regulations, and support sustainability
- Exam preparation for the “ISO 14001 Lead Implementer” credential
- Lead EMS implementation across various organizations

All our courses are dual-certificate courses. At the end of the training, the delegates will receive two certificates.

1. A GTC end-of-course certificate
2. Continuing Professional Development (CPD) Certificate of completion with earned credits awarded
