ISO 9001 Lead Auditor – Quality Management System (QMS)

COURSE OVERVIEW

The ISO 9001 Lead Auditor course equips you to plan, conduct, and close quality management system (QMS) audits using ISO 9001 requirements, ISO/IEC 17021-1, and ISO 19011 guidelines. It covers audit principles, evidence collection, reporting, and team leadership. Through practical exercises and quizzes, you'll develop key auditing skills. After passing the exam, you can earn the internationally recognized "PECB Certified ISO 9001 Lead Auditor" credential, validating your competence to audit ISO 9001-based QMS.

WHO SHOULD ATTEND?

The ISO 9001 Lead Auditor training course is designed for auditors seeking to perform and lead QMS audits on behalf of certification bodies, professionals wishing to adopt PECB's AMS2 Methodology for conducting audits, individuals responsible for maintaining conformity to the requirements of ISO 9001, technical experts preparing for a QMS audit, and professionals aspiring to pursue a career in conformity assessment.
