S4HOO- SAP S/4HANA Overview

COURSE OVERVIEW

This course provides an overview of SAP S/4HANA for learners who do not yet have any SAP background knowledge and want to build SAP S/4HANA skills. The course is recommended as an entry point to the SAP S/4HANA curriculum and provides the basics that are required before continuing a learning path to specific areas of interest. This course covers a broad range of topics focusing on SAP S/4HANA solution capabilities and business process aspects.

WHO SHOULD ATTEND?

This course is designed for SAP consultants, business analysts, project managers, IT professionals, and business users who want to understand the core concepts and capabilities of SAP S/4HANA. It is ideal for individuals involved in SAP S/4HANA implementations, migrations, or those seeking to enhance their knowledge of its impact on business processes and operations. It is also valuable for organizations preparing to adopt SAP S/4HANA and for anyone interested in learning how this advanced platform can drive business transformation through real-time data processing and integrated solutions.

COURSE OUTCOMES

Delegates will gain the skills and knowledge to:

- Explain how SAP S/4HANA supports the digital transformation
- Navigate in SAP S/4HANA using SAP Fiori UX and other client technologies
- Describe system-wide concepts such as organizational elements or master data
- Describe key business processes of SAP S/4HANA Enterprise Management and SAP S/4HANA LoB solutions
- Describe integration scenarios between SAP S/4HANA and SAP Cloud Solutions
- Use SAP S/4HANA embedded analytics capabilities
- Gain basic knowledge about SAP Activate to accelerate SAP S/4HANA adoption

KEY COURSE HIGHLIGHTS

At the end of the course, you will understand;

- Introduction to SAP S/4HANA architecture and its components.
- The key features and benefits of SAP S/4HANA.
- Exploring SAP S/4HANA's capabilities in business process integration.
- Overview of SAP S/4HANA deployment options (cloud, on-premise, and hybrid).
- Navigating the SAP S/4HANA user interface and Fiori applications.
- Insights into SAP S/4HANA's real-time data processing and analytics.
- Exploring the transition path from SAP ECC to SAP S/4HANA.
- The impact of SAP S/4HANA on various business functions and industries.

All our courses are dual-certificate courses. At the end of the training, the delegates will receive two certificates.
1. A GTC end-of-course certificate
2. Continuing Professional Development (CPD) Certificate of completion with earned credits awarded
