

## Scaled Scrum Master Certified (SSMC™)

### COURSE OVERVIEW

The Scaled Scrum Master Certified (SSMC™) course is designed for professionals responsible for managing and coordinating multiple Scrum Teams working on large-scale projects. It provides a deep understanding of the principles and practices of Scrum at scale, emphasizing the role of the Chief Scrum Master in facilitating collaboration, resolving cross-team impediments, and aligning efforts across teams. Participants will learn how to ensure smooth delivery of complex projects by applying scaled agile frameworks, fostering team synergy, and optimizing resource use. This course prepares participants to effectively lead scaled Scrum implementations in dynamic, multi-team environments.

### WHO SHOULD ATTEND?

This course is appropriate for professionals interested in obtaining a working knowledge of Scrum and planning to become a Chief Scrum Master, or Program Scrum Master, or Portfolio Scrum Master
