What makes us **Different?**

Through our extensive partner network, we connect key decision-makers in emerging economies with global thought leaders and practical experts that can collaborate to deliver technical, intellectual and managerial transformation.

We combine Training, Consulting and specialist Energy services to provide emerging economies with an unparalleled platform for development. By engineering solutions that deliver maximum cultural and commercial impact across every sector imaginable, we produce real world results for our clients and the countries they represent both now and into the future.

Explore the transformative opportunities that we can deliver to you.

Values

Connection
Using our unrivalled network of global contacts, the GTC Group connects global thought leaders to influential individuals and groups in the public and private sectors in emerging economies.

Transformation
Our exceptional consultancy and training services have a proven track record of transforming emerging economies across key areas of development - from national and business security to procurement and supply chain management.

What makes us **Unique?**

Global Faculty of Experts
Our network includes over 200 internationally recognised consultants, published authors, and industry specialists - delivering insights that shape policy, drive innovation, and transform operations across sectors like AI, Energy, and Infrastructure.

Flexible, Future-Ready Learning
We offer instructor-led, virtual, blended, and e-learning formats - designed to meet the evolving needs of professionals in dynamic industries. Whether you're leading digital transformation or managing energy transitions, our delivery adapts to your pace and priorities.

Accredited Excellence
Our consultants, content, and delivery frameworks are certified by leading global professional bodies - ensuring every learning experience meets the highest standards of quality, relevance, and impact.

Cultural Intelligence
We bring deep cultural understanding to every engagement, enabling us to tailor solutions that resonate across geographies, institutions, and leadership styles - a critical advantage in global sectors like Oil & Gas and Renewable Energy.

Strategic Partnership & Support
We work alongside your teams to co-create leadership pathways, build internal capacity, and deliver measurable outcomes. Our approach is collaborative, consultative, and committed to long-term success.

Proven ROI & Client Loyalty
Our expanding global client base reflects the tangible results we deliver. From operational efficiency to strategic transformation, our programs consistently generate return on investment and lasting impact.

Accreditations & **Recognition**

Project Management Institute.

The GTC Group is proud to be a PMI® approved Registered Education Provider (R.E.P) Global Provider Enrolment Level. As a PMI R.E.P. we are pre-approved to offer professional development units (PDUs) for existing PMIR qualifications; helping delegates acquire or maintain their PMP® certification with ease.

Accredited cpd

The GTC Group has been recognised as a leading, global provider of CPD accreditation. Accredited CPD training means the learning activity has reached the required continuing professional development standards and benchmarks. The learning value has been scrutinised to ensure integrity and quality. The CPD certification service provides recognised independent CPD accreditation compatible with global CPD requirements.

CIPR CHARTERED INSTITUTE OF PUBLIC RELATIONS

The CIPR advances professionalism in public relations by making its members accountable to their employers and the public through a code of conduct and searchable public register. Therefore, setting standards through training, qualifications, awards and the production of best practice and skills guidance, facilitating Continuing Professional Development (CPD), and awarding Chartered Public Relations Practitioner status (Chart.PR).

CMI Chartered Management Institute

CMI offers practical, proven solutions for individual managers, employers and education providers alike. Our mandate is to create better led and managed organisations - that's why over 100,000 managers and 450 employers use our services to improve their performance.

Awards

The GTC Group was awarded the dual accreditation in recognition of its multi-dimensional approach to ensuring high-quality service and delivery. The Provider of Training Excellence accreditation recognises professional training providers that offer high-quality training provision. It is an award recognised by the Professional Development Consortium, a research organisation that is also home to the CPD Standards Office.

GTC is very proud to be member of the BSI (show certificate) and we work with and adhere to all of their Standards. Just like the BSI, our global strength is built on the experience, skills and sheer enthusiasm of our staff and instructors. Especially we understand how to make excellence a habit.

GTC Training

At GTC, we deliver transformative training solutions that empower organisations in emerging and developed economies to lead with confidence. Our programs are designed to build strategic capacity across key domains - from leadership and business resilience to technical operations and supply chain excellence.

Backed by a global network of experts, innovators, and industry influencers, GTC Training offers accredited courses that span:

- **Technical and Commercial Competency** - including energy systems, digital infrastructure, and operational safety
- **Best Practice & Compliance** - aligned with international standards and sector-specific regulations
- **AI, Renewable Energy, and Oil & Gas** - tailored programs for data-driven leadership, sustainable energy transitions, and modernization of legacy systems

Our integrated and adaptive training model ensures every client can overcome development challenges, build internal capability, and achieve measurable impact.

GTC **Online Learning**

Flexible • Accessible • Globally Delivered

GTC offers a comprehensive suite of online learning solutions designed for professionals who require high-quality training with maximum flexibility.

Our online platform brings together the expertise of world-class consultants and the convenience of digital learning to support participants across different time zones and professional schedules.

GTC Online Learning consists of three core formats:

1. Virtual Training

Our Virtual Training replicates the full experience of an Instructor-Led Classroom in an online environment. Delivered in real-time by our expert faculty, these sessions are highly interactive, allowing participants to:

- Engage directly with trainers
- Collaborate with peers
- Work through case studies and practical exercises
- Experience immersive, structured learning without the need to travel

Virtual Training is ideal for organisations that want high-engagement learning delivered remotely.

2. E-Learning

Our E-Learning programmes offer complete flexibility and self-paced progression. Delegates can access the GTC online platform anytime, anywhere - learning at the speed that best suits their commitments.

E-Learning includes:

- Step-by-step modules
- Interactive exercises and quizzes
- Videos, readings, and scenario-based learning
- Automated progress tracking

It is a cost-effective, scalable solution perfect for individual learners and large teams.

3. Blended Live Training

Blended Live combines the best of both worlds:

- **Specialist Instructor-Led Training**
- **The flexibility of E-Learning**

Participants receive structured live sessions delivered by expert consultants while also completing additional modules on the online learning platform.

This format provides a richer, more immersive experience while supporting flexible scheduling.

Why Choose GTC Online Learning?

Our digital learning ecosystem is designed to provide:

- Access to world-class consultants and industry experts
- Flexible scheduling for global participants
- Scalable solutions for organisations and government institutions
- High-quality content aligned with international standards
- Measurable learning outcomes

GTC Online Learning ensures every participant receives the same level of excellence we deliver in our classroom-based programmes - adapted for modern, digital-first learning.

Our **Methodology**

GTC applies a proven methodology that helps organisations achieve sustainable transformation by unlocking the full potential of their human, technical, and intellectual resources.

Our approach is practical, evidence-driven, and built around the realities of how people and institutions make decisions and implement change.

1. Insight:

Solving problems requires accurate and meaningful information
Every successful intervention begins with clarity. Many challenges are rooted in assumptions, incomplete data, or insights that remain unspoken. GTC works with your teams to uncover the information that truly matters - clarifying root causes, mapping constraints, and revealing the drivers that shape performance. This insight becomes the foundation for effective decision-making and sustainable results.

2. Choice:

Good decisions require freedom, ownership, and informed options
Decision-making is not simply about choosing a path - it's about understanding the implications of each option. GTC supports your leadership in exploring alternatives, evaluating trade-offs, and selecting solutions that reflect your organisation's priorities. Our role is to guide, advise, and strengthen your decision-making capacity so that final choices are informed, practical, and fully owned by your institution.

3. Committment:

Effective implementation depends on people who are ready and able to drive change
Transformation succeeds only when people commit to the journey. We help organisations build the engagement, capability, and confidence required to implement solutions and sustain improvements over time. By aligning expectations, strengthening ownership, and supporting change champions, GTC ensures that implementation is not just delivered - but embraced.

Our Philosophy

At GTC Consulting, our strength lies in the way we work. For more than a decade, we've built a reputation for professionalism, deep expertise, and a commitment to understanding the real challenges our clients face.

Collaboration is the key to progress.
We partner with organisations, not just advise them - ensuring solutions are practical, owned, and sustainable.

Our Four Core Assets

Collaboration is the key to progress.
We partner with organisations, not just advise them - ensuring solutions are practical, owned, and sustainable.

▶ Local Knowledge

We begin with the people who know the context best. Our consultants take time to understand your environment - your culture, values, systems, and the challenges you face. This insight ensures every solution is grounded in local realities and designed for lasting impact.

▶ Expertise

Knowledge has the greatest value when it is wisely applied. GTC brings together leading experts with both practical and intellectual depth, supported by extensive research and commercial experience. Our clients benefit from the highest standards of professional insight and technical capability.

▶ Innovation

New ideas often emerge from unexpected places. We believe innovation is not reserved for any one sector or geography. GTC continually seeks fresh perspectives, creative approaches, and emerging practices - ensuring our clients stay ahead in a rapidly changing world.

▶ Global Experience

Local understanding, strengthened by global perspective. We work across multiple regions with senior public- and private-sector leaders, combining international best practice with local knowledge. This blend allows us to offer solutions that are globally informed and locally effective.
